

As a recognized leader in fire protection in the Southern United States, S&S Sprinkler Company, LLC brings exceptional quality and strong values to every job. Automatic sprinklers, fire suppression, fire alarm & detection, and integrated security systems are what we do. We offer true “one-stop shop” capability – from custom design, fabrication and installation to inspection and ongoing maintenance. Guided by a strong commitment to our Company Values; Family, Honest, Integrity, Spiritual Growth, Fairness, Safety, and Teamwork...We don't just meet code. We exceed expectations! www.sssprinkler.com

We have an immediate opening FIRE SPRINKLER DESIGNER

Will consider candidates for any one of our four locations: Mobile, AL Baton Rouge, LA Westlake, LA Beaumont, TX Charlotte, NC

Description:

Produces detailed design documents from project specifications, architectural drawings, and code requirements. Designs the sprinkler system and creates shop drawings. Creates submittal packages and stock lists, works with purchasing to order material, provides consultation for project managers regarding design changes, produces status reports and acts as a key participant in planning meetings. Some field checking and job site surveys are required to ensure proper fit.

Required Qualifications:

- High School diploma or GED
- 5 years of sprinkler system design experience
- Familiarity with and ability to read, interpret, and apply NFPA (13) standard to new design requirements
- Proficient use of AutoCAD to autonomously design sprinkler systems
- Solid knowledge of hydraulic calculations; strong math skills
- Strong organizational and time management skills with great attention to detail
- Ability to work effectively within a team as well as independently
- Ability to travel occasionally

Preferred Qualifications:

- Experience designing industrial fire sprinkler systems
- Proficient use of HydraCAD to design sprinkler systems
- Experience using HydraCALC
- NICET certifications in Water Based Systems Layout
- Experience performing job-site field checks/surveys
- Excellent verbal and written communication skills
- Commitment to continuous improvement
- Applicable degree from a technical school or college is a plus
- Experience with industrial fixed spray & deluge applications is a plus
- Ability to utilize BIM (Building Information Modeling), 3D CAD environment is a plus
- CFPS certification (Certified Fire Protection Specialist) is a plus

Any offer of employment is conditioned upon the successful completion of a background check and drug screen. S&S Sprinkler is an Equal Opportunity Employer.
